Color Strata Quilts Work-

Supplies Recommended Available at Missouri Star Quilt Co

Please watch the video at https://www.youtube.com/watch?v=gGwGPd11_Lk

- Fabric - Color Strata Jelly Rolls, Fat Quarter Packs, or anything from your stash. **Best is about 20 colors, solids preferred, Two 2 1/2" strips per fabric,** but I love creativity, so bring what you love too. Colors should have about 5 to 7 choices per color family or more, we will be creating a gradient of color. You may also work in one color - bring as many shades of that color as possible.
Fabric quantity will vary based on quilt size,
a Jelly Roll is good for 45" x 45"

  - More Fabric - Pop color, something to set your colors into hyperdrive. I like Jet Black, White Fairy Frost, or a complimentary color to your strata color choices. 1 Yard
  - maybe a few straight pins
  - Medium to large binder clips - at least 6,optional for keeping organized

I am having sew much preparing and presenting Free tutorials online now at YouTube.com You have to check out Man Sewing, if you have not already. It is the perfect job for me, and I had always enjoyed creating complex looking quilts that can be done in one day. Spend a Day with Rob Appell, and learn from his newest experiment in color strata building.

Well, I found the strata in her quilts quite intriguing, and so my newest quilt journey began. I made a bunch or Color Strata using the high density cotton solids from Michael Miller Fabrics, and began constructing quilt after quilt. These Strata quilts are so fun, easy and a great canvas for our machine quilting.

The workshop will focus on cutting and constructing the various types of strata, adding our pop colors, and building a quilt top. The choices in designs are limitless, and I must warren you,

These Quilts Are Highly Addictive!

Basic Sewing Supplies Needed
Sewing Machine
Rotary Cutter, Ruler and Mat
Thread to piece with
Pins
