

English Paper Piecing Workshop with Missie Carpenter

*The project for this class is the table runner titled **Grannie's Flowers**, which finishes at 24" x 14". During this workshop you will learn to do English Paper Piecing basting using Missie's unique Starch Basting Technique. We will also touch on other ways to baste if anyone is interested. I want students to come away from class enjoying EPP, no matter which way you end up liking... Students will learn to sew the hexies together with invisible stitches and also touch on sewing them by machine.*

A \$5.00 Required kit contains the needles, thread and other items I want you to learn with during the class.

A fabric Kit is available and recommended for \$45.00. Please pre order so I bring enough kits. Email missie@traditionalprimitives.com
